At a meeting of the directors of the First National Bank here this week, C. Hays Foster was elected Assistant Cashier of this well known and popular financial institution. Mr. Foster is one of the best known young business men of Stanford. He has a large amount of banking experience and is splendidly qualified for the position he has assumed. He is the oldest son of John B. Foster, one of the largest farmers of the county. For the past year or so Mr. Foster has devoted his time to his insurance and hemp buying business and management of the opera house in the evenings. He is a hustler and a very progressive young business man and

will be a decided acquisition to the staff of the institution, with which he will be connected in the future.

J. R. Harris, who has been connected with the First National Bank for several years, tendered his resignation, in order to assume the local agency of the National Insurance Company, formerly held by D. T. Brummett, who has been transferred to Harrodsburg. Mr. Harris has been connected with this bank for a number of years and enjoys the highest confidence of its management and patrons, and it was with regret that they gave him up.

Middleburg

Varnie Moore, who holds a good job at Cincinnati came home Saturday and spent a couple of days of the holidays with his father and mother, Mr. and Mrs. W. T. Moore. "Booze" played its usual part in the Christmas festivities here. The very few of our own citizens were seen under its influence.

Ernest and Preston Miller came home and spent the holidays with their parents, Mr. and Mrs. W. T. Miller. Postmaster Ernest Winfrey at Dunnville has resigned and Lucian Austin, commonly known as "Shorty" is an applicant of the position. Mr. Austin is an unflinching democrat, well qualified to fill the office, besides is deserving young man. The only objection that can be raised against him, is his diminutiveness. He is 26 years of age and weighs 90 pounds. He is a son of Mr. and Mrs. William Austin and a nephew of C. F. Estes of Lincoln county. Everybody here would be glad to see "Shorty" get the appointment.

The officers of the Sunday schools here and at Green River gave the little folks a candy treat on Sunday morning before Christmas, which they seem to enjoy greatly. The Sun Beam Band at the Baptist church was well rendered and enjoyed by all present. This little band of children deserve much praise for their efforts to build up the Sunday School and do something for the Master.

J. R. Wingate, who lives at the Fogle place has moved to Norwood, O., with the hope of obtaining work for his children. He is a real fine old gentleman and made many friends here who regretted very much to lose him and his excellent family.

Miss Ruby Lee Fogle returned home Saturday after spending two weeks with friends at Benton. She says she came very near seeing W. J. Bryan at some point on the route.

E. S. Fisher, of Danville was here Sunday to see his old friends. Everybody was glad to see Spears.

The Sunday School at the Baptist church has re-elected R. B. Young, as superintendent and Herman Lucas as secretary. They have made good officers and were entitled to an endorsement.

HOLTZCLAW-RANKIN

On Wednesday afternoon, Dec. 27th, at the home of the bride's father, John T. Holtzclaw, of Gilbert's Creek, occurred a quiet, but beautiful wedding, when his youngest daughter, Mary Eliza was married to Jonathan David Rankin, a prominent young farmer of Hubble. Promptly at two o'clock the happy couple entered the parlor, preceded by John Rankin and John Goode and Miss Kate Holtzclaw, sister of the bride and Miss Ellen Mae Holtzclaw, cousin and chum of the bride, who stood with them while Rev. F. M. Tindler performed the ceremony which was short but impressive. The bride was becomingly attired in a suit of chocolate brown broadcloth with hat to match and never looked more beautiful. She is a very charming young lady and loved by all who know her. A more beautiful Christian character could not be found. Her bright and pleasing manner has won her a host of friends who wish her all the happiness possible through life. The young man, who has won her heart and hand has every reason to be proud and happy. The groom is a very successful and substantial farmer. He is a young man of exemplary habits. He numbers his friends by his acquaintances. Congratulations are not only to this young man who has chosen so wisely, but also to the new circle of friends with whom this new bride is soon to be associated. Her high ideals of life and her beautiful Christian influence will be felt wherever she may be.

Immediately after receiving congratulations the bridal party left for the groom's father's, A. L. Rankin's, where a magnificent four course luncheon was served to over a hundred guests. The house was gay with candles and Christmas decorations, while the dining room was a veritable fairy land. From a large bell in the ceiling red and green ribbons entwined with holly were dropped to the corners of the table. On the centerpiece was an artistic wedding cake surrounded by holly. After much music and merriment the guests departed wishing the popular young couple much happiness.—Contributed.

MISS BURCH ENTERTAINS

On Saturday evening Miss Esther Burch delightfully entertained at the Princess, the troupe, who so successfully presented "The Turn of the Tide" at the opera house Xmas night. The table was covered with beautiful Japanese linen and the holiday colors of red and green formed a charming centerpiece. Two delightful courses were served. Covers were laid for the coach, president and vice president of the W. C. T. U. "Col. Ellsworth," Capt. St. Morris, "Lillian Lacy," "Susie," "Frisky," "Uncle Jonas," "Aunt Becky," Herman Clyde, and "Pepper." Miss Gertrude Wilkinson, being absent Miss Ellen Ballou was present as an honorary "Susie." Warner, Mr. M. C. Newland, Mr. William Grimes and Prof. W. R. Todd.

MOZART CLUB ENTERTAINS

One among the many happy Yuletide parties was that given by the Mozart Club at the Paxton home on Wednesday evening. Miss Paxton, a member of the club, very kindly offered her home for the entertainment. The house was artistically decorated in evergreens and Christmas bells and victrola music added to the gaiety of the evening. The guests were cordially received by Misses Ballou, Paxton and officers of the club, after which they were ushered into the dining room where Miss Carpenter served delightful frappe. Misses Parra, Grimes and Carpenter were on the entertaining committee. Delicious refreshments were served later on in the evening and the club colors were well carried out in that way. Miss Paxton's hospitality was appreciated and the fortunate guests had a most enjoyable time.

Kauffman Announces

His Candidacy For State Senator In This District

The Interior Journal is authorized today to announce Hon. H. Clay Kauffman, of Lancaster, Garrard county, as a candidate for the Democratic nomination for State Senator to represent this district, composed of the counties of Lincoln, Garrard, Boyle and Casey. Mr. Kauffman is a grandson of Mrs. Mary Kauffman, of Hustonville. For a number of years he has been a practicing attorney of Lancaster, and during the last session of the General Assembly represented Garrard in the lower house. His constituents are said to be well pleased with his record. Mr. Kauffman is a sterling young democrat and has many warm friends over the district who hope he can realize his ambition to represent this district in the upper branch of the legislature. He issues the following card to the voters:

TO THE DEMOCRATS OF LINCOLN COUNTY:

At the next August primary the Democratic party of this Senatorial District will nominate a candidate for State Senator. I am a candidate for that nomination.

I feel owing to the fact that my father, H. C. Kauffman, was born and reared at Hustonville, in your county, that I am not a stranger to your people, at least, I am not so in feeling. Having been nominated without opposition by my party for Representative of my home county Garrard in 1915 and elected to that office by a majority of 118 in a county that is republican by over 250, I feel in presenting to you my claims that I have not only the united support of Garrard county democracy behind me, but a majority of the people in the county.

Having served as a member of the last General Assembly in the Lower House I have had such legislative experience as in a measure fits me to better serve you in the State Senate.

My position upon public questions is generally known by the record I made in the last legislature. All legislation that looked to the advancement of Kentucky and her institutions received my heartiest support. Owing to the four million dollar debt of the state, I cast my vote against all appropriations except those that were absolutely necessary for the carrying on of the State Institutions. Believing that so long as the state is in debt and no way was yet provided to pay the debt the best way was to at least prevent the debt from becoming larger.

My loyalty to the party and its nominees is well known to democrats everywhere and during the recent session of the General Assembly I worked as best I could aiding the state administration to enact into law the platform pledges of our party.

One of the acute political questions of the day is whether our party shall through its members of the 1918 General Assembly be for the submission to a vote of the people a State wide Prohibition Amendment to the State Constitution. My position on this question is known to a great many of you who watched the record of the last legislature when this question was up for consideration. I was for the amendment and all other temperance laws at that time, and so voted to submit same and did all in my power to have same submitted. If you elect me as your Senator, I will vote to submit this amendment and do all I can to aid its passage in the Senate of Kentucky at every session while I am a member of that body.

I expect to prosecute my canvass for this nomination with all the vigor at my command and hope to meet every democrat in this Senatorial District personally between this date and the August primary and talk with you, my fellow democrats upon the issues that confront us.

Now soliciting your support in reaching my ambition to be your next State Senator, I am, Respectfully yours,

H. CLAY KAUFFMAN.

Harlan For Senator

Well Known Boyle Attorney Announces His Candidacy

Hon. Jay W. Harlan, a prominent and popular young attorney of Danville, today authorizes the Interior Journal to announce him as a candidate for state senator in this district, composed of the counties of Lincoln, Boyle, Garrard and Casey. Mr. Harlan is already well and favorably known in this county, and has many friends here and elsewhere over the district, who are strong for him. He takes a forward position on public questions before the people today, in the following card to the voters, announcing his candidacy:

TO THE DEMOCRATS OF LINCOLN COUNTY:

At the coming August primary the Democrats of the 18th, Senatorial district, composed of the counties of Garrard, Lincoln, Casey and Boyle, will nominate a candidate for the state senate. It has been a time honored custom among the Democrats of this district for the component counties to furnish the nominee for this office in turn or rotation. Pursuant to this custom it is now the right and privilege of Boyle county to furnish the nominee at the 1917 election beyond any question as hereinafter shown. The county of Garrard furnished the nominee in 1897 in the person of Hon. George T. Farris, who was elected and served during the sessions of 1898 and 1900. He was renominated and re-elected for the subsequent term, and served again during the sessions of 1902 and 1904. Following the tenure of Senator Farris, the Hon. R. L. Hubble, of Lincoln county, represented the district for two terms during the sessions from 1904 to 1912 inclusive. The county of Casey then in turn furnished the nominee in 1913 in the person of the present senator, Hon. Charles F. Montgomery, who has served during the sessions of 1914 and 1916. It is therefore clearly evident that it is now the time and turn for Boyle county to furnish the nominee in 1917 to be voted for at the November election. The last time that the senatorship was held by a citizen of Boyle county was during the sessions of 1890 and 1892, when the district was represented by Judge E. J. Breckinridge, now deceased. The term between the incumbent of Senator Farris and Casey county, respectively, were given the nominations pursuant to the aforesaid party custom without opposition, and the Democrats of Boyle county feel that the same courtesy and fairness should be accorded them at this time. As a Democrat of Boyle county, I hereby announce my candidacy for the Democratic nomination for the state senatorship from the 18th district subject to the action of the party at the coming primary. I have always lived in Boyle county, and have practiced law for the past eight years. Since reaching twenty one years of age, I have labored for the success of the party, and have for two terms been one of the county committeemen, and also served for four years as the Democratic commissioner.

If I should be nominated and elected the people of the district can rest assured that as their representative in the Senate, I will not advocate the cause of any special interests or party factions, but will sincerely and conscientiously endeavor to advance and protect the interest of the people. I will espouse the cause of economy in the administration of the affairs of the state, and try to assist in finding some relief from the financial bondage that our Commonwealth has labored under for some years. The people of the state have directed the legislature by a constitutional amendment to change and revise our present system of taxation. Possibly this will be done prior to the 1918 session. However, there is no question but that our present system is archaic, burdensome, unjust and a handicap to the progress and advancement

of the welfare of the state. If I should be your senator when this legislation comes up, I will vote to secure a system that is modern and just, and above all equal and fair to everyone. It is further evident that the question of submitting to the voters of the state a constitutional amendment providing for state wide prohibition will be brought before the legislature. I believe in the sovereignty of the people, and on the question I unqualifiedly say that I will vote to submit the amendment, as it is for the people, and not the legislature, to accept or reject this proposal.

I will greatly appreciate the honor of representing the district as Senator, and ask for your support. Respectfully,

JAY W. HARLAN.

FORCED TO SWIM ASHORE

Dan Milburn, of Lancaster, Has Narrow Escape In High Waters Of Hawk's Branch

Dan Milburn, sewing machine agent of Lancaster, formerly a resident of Stanford, had a narrow escape from drowning Thursday morning while trying to ford Hawk's Branch near the farm of J. C. Eubanks, in the Hubble section. He was off the main pike, and started to drive across the creek, which was terribly swollen from the heavy rains. The horse he was driving was quickly swept off its feet, and Mr. Milburn thrown out of the buggy. He turned loose the lines, letting the animal do the best it could, and swam for the bank himself. He had a hard fight against the raging current but managed to gain safety. The horse, broke loose from the buggy, and saved itself.

Creeks and branches all over the county are out of bounds, and going still higher as the rain continues. The Danville Advocate says that the downpour there early Thursday morning approached the proportions of a cloudburst and the electric lighting plant was flooded, putting out all lights and leaving that city in darkness.

Jim Cash For Assessor

James N. Cash, of Turnersville, one of the best known and hardest working democrats in Lincoln county, today authorizes the Interior Journal to announce his candidacy for the democratic nomination for Assessor of Lincoln county. Mr. Cash is exceptionally well qualified for the position he is asking of his party. He is a large land owner and extensive farmer, knows land values well, and no man stands higher in the community than he. He has worked for years without ceasing for the success of democracy and democratic nominees, and his friends say that if any man deserves what little he is asking of his party now, it is Jim Cash. He has a host of warm friends all over the county who have already gone to work to help him win this race, and they are predicting that he is a sure winner.

THE PROPOSED NEW TAX LAW

Editor J. M. Richardson of the Glasgow Times, doesn't think much more of the proposed new tax law than quite a number of other country editors who have scrutinized it carefully and investigated its provisions. In the last issue of the Glasgow Times, he discussed it in the following terms:

The new taxing-plan suggested by the legislative committee of the last legislature, is an abomination in the sight of God and tax-payers. It clears the way for an immense deficit, and leaves only the owners of real estate and farming land to pay that deficit. It practically releases all cash in

banks for taxation.

It reduces the tax on whisky to 40 cents on the hundred dollars of taxable property and relieves it of all other taxation. Whisky is now assessed at from ten to twelve dollars per barrel, as a basis of taxation; under the new law each barrel would be taxed about ten cents or less, and this rate cannot be raised, even if there is a deficiency in the State revenue.

Both these changes in the taxing laws mean a huge deficit in the state revenues—a deficit that cannot be raised under the new law except by a tremendous increase in the assessment-valuation of farm lands and city and town lots. It will put in hard lines, and will, if his burdens are increased as they can be, bankrupt every farmer and owner of real estate in the state.

The Times will, from time to time call attention to other bad points in this astonishing document—a document conceived in sin and shapen in iniquity and that will, as surely as night follows day, throw Kentucky into the republican column if enacted into law.

Every tax payer should at once make it his business to find out how his senator and representative stand on this issue. If they will not state plainly and clearly their position then a citizens meeting should be held and these gentlemen called out. This is no time to mince words or dally in action.

The agricultural prosperity of the state and the fate of the democratic party is in the balance. And after that Editor Richardson says the following about the measure and its effects, in paragraphic shape: There are farmers in Barren county who can be compelled to pay from \$5,000 to \$10,000 under the proposed taxing-law.

The Kentucky farmer, when he pays his taxes under the proposed new law, will pay in proportion to his ability to lie out of being robbed. If the farmers of Kentucky care to

live and work for their tax masters under the proposed tax law, they should resolve themselves into corporations.

A "BOOB STATE"

California is still bristling with indignation over an attack made on that state for the part it played in the election. The Chicago Tribune was an ardent Hughes supporter. When it became evident that California, by its vote had changed an apparent Hughes victory into defeat, The Tribune gave vent to its emotions in a wrathful editorial in which it remarked:

"By giving Wilson the vote it did, California, with its record and Wilson's record, presented itself as the champion boob state of the American republic."

The result is what might have been expected. If there is a state in the union that is proud and sensitive, it is California. Nearly every paper in the state took occasion to inquire indignantly, "Are We Boobs?" and to express its opinion of the self-styled "World's Greatest Newspaper" in appropriate terms.

Republican papers joined with their Democratic contemporaries in resenting the imputation. Many of them declared that, while they disagreed with the verdict of the majority necessarily a "bunch of boobs." They pointed out that American freedom is built on acquiescence in the verdict of the majority—that a majority vote becomes the voice of the people, and is therefore entitled to respect. They condemned the Tribune as a "bad loser."

And they were right. Regardless of the issues at stake, it's silly for any man or newspaper to act the poor sportman when an election is lost, or vent disappointment in abusing people of other minds. Every citizen has a right to vote according to the dictates of his own conscience. So has every city and every state. And speaking broadly, every conscientious vote is right. Moreover, when an election's over, it's over. Every good American conducts himself accordingly.—Owensboro Messenger.

Mr. Bryan deserves all the honor accorded him yesterday and last evening in Washington. He quit the Wilson Administration because he feared it was too militant, but unlike many others of the same mind, he did not rush into the arms of a candidate, who was practically committed to war in both hemispheres. In loyalty to party principle, as well as faithfulness to an idea, he has given the country a fine example of fidelity and common sense.—New York World.

The joint commission on Unification between the Methodist Episcopal church and the Methodist Episcopal church, south is in session at Baltimore. There are 25 commissioners from each church, composed of bishops, ministers and laymen. The task of this body is to agree upon and formulate a plan of unification, which will be submitted to the general conference of each church. Universal Methodism is urged in earnest prayer for divine judgment upon this commission, that the result of its work may prove satisfactory and may culminate in the greatly deserved union of Episcopal Methodism.

HOGWALLOW HAPPENINGS

(From Hogwallow Kentuckian)

A balloon ascension Saturday was enjoyed by all those present. After going up for a few hundred feet the man eased himself back to earth in a parachute, so that he could go up again some time.

Sim Flinders was called to the Calf Ribs neighborhood this week to sit on a coroner's jury. Sim says if he keeps on he will be one of the biggest politicians in Kentucky.

Sidney Hooks is building a fence around a pig he traded for last week. Miss Flutie Belcher is back from the teacher's institute at Tickville, and now lifts her eyebrows when she talks.

The Excelsior Fiddling Band serenaded the deputy constable last night. He has suspected foul play for some time and now he is convinced of it.

Ellick Hellwanger shot at a crow setting on the straw stack pole on Musket Ridge Tuesday of this week. His gun hung fire and the crow was in great suspense while waiting to know his fate.

ECLIPSES IN 1917

During the year about to begin, 1917, there will be seven eclipses, four of the sun and three of the moon. Of this number, though only two will be visible in North America. The first astronomical phenomenon will be the total eclipse of the moon on January 7 and 8. This will be visible generally in North America. On the 23rd of January there will be a partial eclipse of the sun, however, not visible to North America. On June the 19th, another partial eclipse of the sun will be invisible to North America. However, a total eclipse of the moon will occur on July 4, but will in no way interfere with the Independence celebration, as it will not be visible to this country. Again, the latter part of July will bring another partial eclipse of the sun, which will be visible neither in North or South America. America will also miss the sun's eclipse on December 14th, nearly the whole of North America will witness the total eclipse of the moon.

SOME MORE JOBS OPEN

The Civil Service Commission at Washington announced last week that examinations will be held at several Kentucky cities on January 3rd, for positions as deputy collectors of the Internal Revenue Bureau for administration of the Harrison anti narcotic act. About sixty-five such positions are to be filled, the salary being \$1,600 a year, with traveling expenses and subsistence when on special duty. The Kentucky cities where examinations are to be held are Ashland, Bowling Green, Covington, Hopkinsville, Lexington, Louisville, Middlesboro, Owensboro, Paducah and Somerset.

GREENING'S BIG DEAL

John M. Waters, of the "Katy" railroad with headquarters at Parsons, Kansas, spent a couple of days Christmas with his mother, Mrs. Rhoda Waters, and sisters here. This young man has done splendidly since leaving home a few years ago, and seems to be "going up" rapidly. He says that one of the biggest and richest men in Parsons, is W. O. Greening, formerly of Lincoln and with many friends all over this part of Kentucky. Mr. Greening has been at the head of the Exchange Bank, of Parsons, for several years, owning the control, which he bought at \$110 a share. He has just sold out at \$150 a share and together with another prominent Kansas capitalist is figuring on buying the control of one of the biggest and richest banks of Oklahoma City, Okla.

The Middlesboro Three States, which has been a semi-weekly paper for two years, has gone back to weekly publication. Over eight hundred country papers in the United States have been forced out of business by the fearful increase in the cost of white paper, from which there appears no relief in sight at present.

PROMINENT KENTUCKY WOMAN SPEAKS

Slaugherville, Ky.—"I wish to tell you of the benefit Dr. Pierce's medicines have been to us. Several members of my family have taken either 'Golden Medical Discovery' or 'Favorite Prescription' and always with the very best of results. Three years ago my husband had a very severe skin trouble. He took six bottles of 'Golden Medical Discovery' which he procured from a local druggist, and was entirely cured.

"Two years ago I had nervous trouble, heart affections and severe pains in my head. I took two bottles of 'Favorite Prescription' and was relieved. I have taken it several times in the last few years and always with perfect results. I can recommend it to anyone as being all it is represented to be."—Mrs. S. P. COLLINGS, L. Box 112.

THAT WEAK BACK

Accompanied by pain here and there—extreme nervousness—sleeplessness—may be faint spells, chills or spasms—all are signals of distress for a woman. She may be growing from girlhood into womanhood—passing from womanhood to motherhood—or later suffering from that change into middle life which leaves so many wrecks of women. At any or all of these periods of a woman's life she should take a tonic and nerve prescriber for just such cases by a physician of vast experience in the diseases of women.

Dr. Pierce's Favorite Prescription has successfully treated more cases in the past 50 years than any other known remedy. It can now be had in sugar-coated tablet form as well as in the liquid. Sold by medicine dealers or trial box by mail on receipt of 50 cents in stamps.

Dr. Pierce's Pleasant Pellets regulate stomach, liver and bowels—sugar-coated tiny granules.

The father, who is serving on the board of County Supervisors here this week, is receiving congratulations from his many friends in this section.

DELIGHTFUL JUNIOR RECEPTION

One of the most enjoyable entertainments of the holidays, was the reception given Thursday evening, at the Old College building by the Junior Class in honor of the Senior Class of 1917. An Effective Laxative For Growing Children

DR. CALDWELL'S SYRUP PEPSIN HIGHLY RECOMMENDED AS A FAMILY REMEDY

In children the slightest irregularity of the bowels has a tendency to disturb the entire digestive system, and unless promptly remedied invites serious illness. The experienced mother knows that by training her children to regularity in this respect, and when occasion arises administering a mild laxative, she will have little need for the doctor's services.

Mrs. Leo Weigand, 3251 Central Ave., N. S., Pittsburg, Pa., whose two boys, Frank and Joseph, are shown in the illustration, writes that she has found Dr. Caldwell's Syrup Pepsin a most effective laxative, not only for the children but also for herself, and that she will always keep it in the house to use when needed. Dr. Caldwell's Syrup Pepsin is a combination of simple laxative herbs with pepsin that acts easily and naturally, without gripping or other pain or discomfort. It is pleasant to the taste so that children like it, and is equally effective on the strongest constitution.

Dr. Caldwell's Syrup Pepsin can be obtained at any drug store for fifty cents, and should have a place in every home. It will save many times its cost in lessened doctor bills and maintain the health of the entire family. To avoid imitations and ineffective substitutes be sure to get Dr. Caldwell's Syrup Pepsin. See that a facsimile of Dr. Caldwell's signature and his portrait appear on the yellow carton in which the bottle is packed. A trial bottle, free of charge, can be obtained by writing to Dr. W. H. Caldwell, 455 Washington St., Monticello, Illinois.

On Wednesday evening of last week Miss Maggie Stagg and William Wilcher were quietly married at the Methodist parsonage by Rev. W. D. Welburn. The bride is the second daughter of Mrs. Jessie Stagg of this city and is

indeed a very very accomplished young lady, while the groom is the only son of Mrs. Eliza Wilcher, of this city and is good business man. Mr. Wilcher has been at Goldsboro, N. C., for some time associated with his brother-in-law, Charles Lutes, in the livestock business. They left Thursday for Knoxville, Tenn., to visit her brother, Harry Stagg for a few days then on to Goldsboro, to make their future home, where they will have the best wishes of their many friends.

Chronic Catarrh is Curable

Nothing is more distressing to the sufferer and his friends. Chronic catarrh is systemic—that is, it is present throughout the body, though it may manifest itself in a local ulceration. Only a constitutional treatment will overcome systemic catarrh. Local treatment sometimes helps the acute manifestations, but they cannot overcome the systemic disorder.

PERUNA Has Helped Thousands

It is a foe to catarrh. The voluntary testimony of thousands establishes that. Peruna benefits in a number of ways. Peruna builds up the digestion, restores the strength, and helps put the system in condition.

Peruna has special value in catarrh: It gives vitality to the system, restores tone to the membranes and enables these to perform their functions. In many cases its benefits begin at once, and it rarely fails when treatment is continued properly.

The Peruna Medical Department will be glad to assist you to overcome this disease. The doctor's advice is free. Don't delay treatment.

GOES 20 MILES TO SHOW SMILE

Woman Has Pride In Good
Health Tanlac Gives Her.

"I have made this special trip, over 20 miles of road, to tell you what Tanlac has done for me," said Mrs. S. E. Smith of Cleves, O., to the Tanlac Man recently.

"On hearing what she endured from a worried stomach and disordered digestion I don't wonder," he said, "that this happy woman would put herself out to greet me with a happy 'Tancac Smile,' and tell me how the new medicine had lifted her from a dragged down condition into one of health and contentment."

Mrs. Smith said: "I suffered with a weak, delicate stomach. I had to be very careful about what I ate, for everything disagreed with me, and I had a pain in the pit of the stomach most of the time."

"Dizziness caused me much discomfort, and along with it would come shortness of breath and smothering spells."

"My limbs swelled and joints became stiff and I was almost helpless at times. I suffered awfully. My hands and arms would ache so that I could hardly stand it."

"From all this, together with belching, weak heart, and sleepless nights, I was delivered by Tanlac. It helped before I had taken half a bottle. My limbs do not pain now and I am not troubled with swollen and stiff joints. I feel improved in every way, sleep well and have an excellent appetite."

Tancac is sold exclusively in Stanford at The Penny Drug Store, E. R. Coleman, Proprietor.

Tancac can now be obtained in following nearby cities: Moreland, Abraham Minks; Hustonville, Adams Bros.; McKinney, True & Co.; Ellisburg, Joe McWilliams; Middleburg, W. C. Bryant; Crab Orchard, Lyne Bros.; Brodhead, John Robins; Lancaster, R. E. McRoberts; Bee Lick, J. Reynolds & Son; Waynesburg, W. A. Horton.

Farm and Stock News

Hemp seems to be going up right along with tobacco. The Danville Advocate tells of some big sales there as follows: Hemp is bringing the highest prices in the history of the state this season. Col. R. G. Evas has sold his sixty acre crop to Hudson & Davis at \$13.50 per hundred and half the rise to March first. Ben Bright has sold about 50 acres to the same firm at the same price. It is probable that the firm of Hudson & Davis have bought about one quarter of a million dollars worth of hemp during the month.

The Cadiz Record published in Trigg county in western Kentucky, says that John C. Thompson, of that city, refused \$10 per hundred for 50 hogs for April delivery a few days ago. The offer was made by W. C. Broadbent, of Wallonia, and while Mr. Thompson was very much inclined to accept the offer, he was not just sure about what success he would have in getting the feed for these and a number of other hogs he has. It was mainly for this reason that the offer was declined. The talk is that top hogs will be \$12 by spring.

The four-year-old saddle mare, Bohemian Art, owned by Miss Loula Long, of Kansas City, bred by late W. H. Murphy, of Stanford, and ridden by T. J. Hook, Miss Long's trainer and exhibitor, has won at the World's International Stock Show at Chicago, over all five-gaited mares of any age. Bohemian Art's dam was the noted Lady Dare. Art is a rich red chestnut and in addition to being the finest mare ever shown at the International, possesses the whirlwind speed and action of the Bohemian Kings. In the Junior Championship Bohemian Music, the star of Tom Bass' 1916 stable, finished closely behind Bohemian Art. These mares have been rivals since colthood, when Art, Music and Glendalough, three chestnut daughters of Bohemian King, won in above order in a large show the moneys given for their class at Kentucky State Fair 1912. Bohemian Art is a Lincoln county product and all are justly proud of her achievements.

A Delightful Affair

One of the most delightful fraternal and social affairs in Stanford in a long time as the banquet given by members of Diadem Lodge last Friday evening in the hall in the Odd Fellows' building. The menu, prepared by Mrs. S. J. Embry, was a splendid one, and pleased every guest. Joe Severance, of Frankfort, came "back home" to preside as toastmaster, in which place he is without a peer. He had a new fund of jokes and kept everybody in a good humor all the time. Speakers of the evening were Congressman Harvey Helm, C. A. Hardin, Hon. R. H. Tomlinson, of Lancaster, and Drs. E. J. Brown and W. B. O'Bannon. Hon. Rodman Keenon, of Frankfort, who was also on the program, was prevented from being present by illness of his wife.

Soldiers Got Relief From Soreness

Boys On The Border Relieved Their Pains And Aches With Sloan's Liniment

Once upon a time Norman Jones, serving in the National Guard at El Paso, returned to camp after a strenuous 15 mile hike foot-sore and weary. He had not been long in active service and his shoulders, back and limbs felt the after-effects of marching.

Remembering Sloan's Liniment, Jones applied it to the sore spots and went to bed. He writes: "I arose the next morning feeling fine; in fact I had entirely forgotten about the hike and went out for a four-hour drill in the sun as spry as ever."

Private Jones passed the experience along, and many a boy on the border relieved the agony of sprains, strains, insect bites, cramped muscles, rheumatic twinges, etc., by the use of Sloan's Liniment.

Easily applied without rubbing. At all druggists, 25c., 50c. and \$1.00.

That Backache Spells Danger

Action Today May Save Stanford People Future Misery.

A bad back isn't a bad thing if it serves as a warning of hidden kidney disorders. Kidney diseases are frightfully common today. We over-do so much. We don't give the kidneys a chance to rest up, and while a bad back, some bladder disorder, an occasional dizzy spell or a persistent headache may be the only outward sign, the kidney trouble that is behind it all may be overlooked or neglected. Put your signs to use. Take them as warning. Fight off kidney weakness. It takes only a slight kidney disorder to start a case of fatal Bright's disease, from which 100,000 people die in the United States every year. Prompt treatment at first—that's all that's necessary to keep kidney weakness from turning into gravel, dropsy, gout, heart trouble or Bright's. Use Doan's Kidney Pills—the oldest, the most widely used, the best-recommended Kidney Pills. Forty thousand Americans recommend them publicly. Here's one Stanford case:

Mrs. B. L. Fagaly, Lancaster St., Stanford, says: "A heavy dull ache across my back bothered me so I could hardly keep going to do my housework. I had nervous spells and dizzy headaches and my kidneys acted irregularly too. Some one in the family had used Doan's Kidney Pills so I got some at the New Stanford Drug Co. They soon relieved me of the backache and other signs of disordered kidneys."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same Mrs. Fagaly had. Foster-Milburn Co., Props., Buffalo, N. Y. 2-1
